POST - EVENT REPORT FOR THE MVA NIGERIA 2024 IMD EVENT

Brief Summary of Event & Key Achievement: The Moon Village Association (MVA) Nigeria celebrated the International Moon Day (IMD) across Nigeria's six geopolitical zones by visiting institutions of learning and educating young Nigerians about space (lunar) exploration, inspiring curiosity, promoting scientific knowledge, and fostering a Nigerian community passionate about space technology and exploration.

Event Date: 15th – 20th July, 2024.

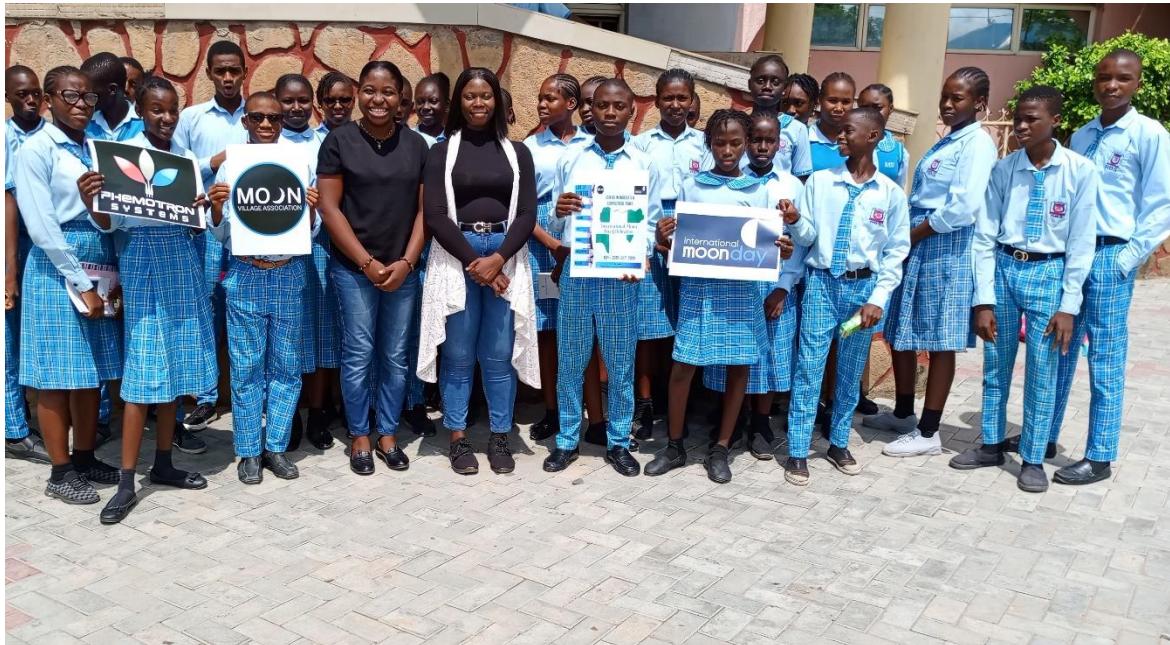

Location: Nigeria's six geopolitical zones.

- + North-West geopolitical zone (Kaduna State)
- + North-East geopolitical zone (Adamawa State)
- + North-Central geopolitical zone (Plateau State)
- + South-West geopolitical zone (Osun State)
- + South-South geopolitical zone (Cross River State)
- + South-East geopolitical zone (Enugu State)

Event Statistics: 432 (four hundred and thirty-two) participants across all six geopolitical zones.

Event Sponsor: Phemotron Systems

Photos: Some of the students during the IMD event across the six geopolitical zones in Nigeria.
